

Assignment- 4

Web application to show the distance and temperature

Firstly, we have to create wire frame in Visio of a web application and then we have to proceed further to develop in web storm. Using html, Css, Angularjs we have to develop.

- Login page.
- Registration Page.
- Success Page.
- Home Page.

Login Page:

The screenshot displays a web browser window with a login page. The page has a blue gradient background. At the top center, the text "Login Page" is displayed in white. Below this, there are two input fields: "UserName:" followed by a white text box, and "Password :" followed by a white text box. Underneath the password field, there are two buttons: "Submit" and "Register", both with a light blue gradient. Below the buttons, there is a blue hyperlink labeled "Forgot password?".

Registration Page:

Registration page

This is Registration Page Fill the form and submit
